About the Club: The Mount View Netball Club was formed in 1990 by a small group of parents of Mount View Primary School students. At the time they were looking for a netball club in the area and a way to help keep their daughters' friendships intact following Grade 6 after they had moved on to different High Schools and Colleges. In the first year they entered one team of 9 girls and from there the club grew and was well supported by the parents. In 2018 there are 20 teams competing in Saturday afternoon and mid-weeknight competitions in all age sections from 11 & Under through to Open.

It is today as it was then, run by the parents, with the majority of players coming from Mount View Primary School but this is not exclusive as we welcome all families to our club.

Thanks to the close relationship which we enjoy with the school, we have access to the wonderful training facilities of the Mount View indoor court as well as one outdoor court and training track.
